

Make a STATEMENT in doors and out

Jeld-Wen's exterior folding door systems represent a new concept in patio doors. These elegant systems provide full, unobtrusive access to the indoors or outdoors, while also opening homes up to spectacular views and increased natural light. Indistinguishable from wood these beautifully crafted fibre-glass doors are available in a variety of finishes and stains. Available with an array of decorative glass. Custom capabilities for one-of-a-kind designs. Make a STATEMENT.

FEATURES

Doors fold back accordion-style from the corner. Bevelled door edges and double weather-strip ensure the units are sealed against the elements, even without a corner post

HARDWARE

For security, our folding door systems feature drop bolts and optional multi-point or mortise locks (or hook latches, depending on door system configuration). Standard hardware finishes include Brushed Stainless Steel and Brushed Bronze. Optional finishes are also available. The sill is a low-level bronze anodized combination for ease of access.

DOOR CONFIGURATIONS

The exterior folding door systems we create are truly customizable, because they're available in several configurations, ranging from two to eight leaves (depending on the opening width), zero post corners and combination systems to increase the width to up to 16 doors (eight doors on each side.) Special order options include door heights of up to 8' for IWP® Aurora Custom Fiberglass and clad jambs.

Number of doors	Doors configuration
2	2L or 2R
3	2L1R or 1L2R
4	2L2R, 3L 1R or 1L3R
5	4L1R, 1L 4R, 3L2R or 2L3R
6	5L1R, 1L5R, 4L2R, 2L4R, 3L3R or 3L3R 90
7	6L1R, 1L6R, 5L2R, 2L5R, 4L3R or 3L4R
8	6L2R, 2L6R, 5L3R, 3L5R or 4L4R
