

# AUTHENTIC OPTIONS

We created options with our Old World Collection door designs especially in mind. They enhance the visual appeal of any design, while giving the door an architecturally authentic look. A sampling of these options are shown here. Please see pages 44-47 for the full range.

## Speakeasies

For door designs with speakeasies, we offer a range of grilles to highlight this distinctive feature.

## Antique finishes

Especially ideal for our Old World designs, these finishes provide an aged look that enhances the woodgrain's pattern.

## Distressing

This technique brings out the door's character marks for a charming, rustic appearance.

## Clavos

Select clavos for the look of bolt heads used in Medieval and Renaissance architecture. They have a handmade look.

## Straps

These accents have a hand-forged look, which adds character to a door's rails, corners or radius components.
